About iv3 CUS

iv3 CUS is a technology driven property and casualty insurance inspection provider. Through the cloud-based *redihive*™ environment, the organization provides residential and commercial property inspection, risk analysis and insurance-to-value information gathered through partnerships with more than 18,000 North American field agents. The organization is headquartered in Toronto, Ontario. More information is available at www.iv3solutions.com.

Position Description

Our residential division is seeking a **Jr. Quality Assurance Auditor, Residential**, reporting to the Manager, Quality Assurance. The role would appeal to a confident individual who possesses an excellent command of the English language both written/verbal and enjoys working independently and in a team oriented environment. The incumbent's duties will include reviews of reports for spelling and grammar, cross reference checking and accuracy of reports as a final product to the client in a timely manner. General knowledge of heating, electrical, plumbing and building construction is desirable.

Education and Training Required:

- University or College Degree preferred

***Please email your resume to careers@iv3solutions.com and make sure to include the JOB TITLE "Jr. Quality Assurance Auditor, Residential" in the subject of your message.**

We thank you for your interest and look forward to hearing from you!
